

WYOMING

U.S. Services Supply the World

Wyoming has seen a rise in services exports, boosting state economic growth and jobs. Despite some Covid-related export declines, the U.S. services trade surplus was \$245 billion in 2021.

U.S. services industries are the most competitive and innovative in the world. They provide new economic opportunities and contribute to the successful production of manufacturing and agriculture in the United States and abroad.

WYOMING

Services Fuel U.S. Jobs and Growth

Services fuel America's economic growth and jobs, generating more than 77 percent of employment in the United States and 68 percent of GDP. Services are a major component of the manufacturing and agricultural sectors, and they boost the competitiveness of those sectors.

In Wyoming, services accounted for 71 percent of all jobs in 2021. The top services sector for employment was education, health care, and social assistance services, which alone employed 69,800 Wyoming workers.
