

## MAINE

### U.S. Services Supply the World

Maine has seen a rise in services exports, boosting economic growth and jobs. Services exports have fully recovered from Covid-related declines. In 2022, the U.S. services trade surplus was \$232 billion.

U.S. services industries are the most competitive and innovative in the world. They provide new economic opportunities and contribute to the successful production of manufacturing and agriculture in the United States and abroad.

## MAINE

### Services Fuel U.S. Jobs and Growth

Services fuel America's economic growth and jobs, generating more than 77 percent of employment in the United States and 68 percent of GDP. Services are a major component of the manufacturing and agricultural sectors, and they boost the competitiveness of those sectors.

In Maine, services accounted for 77 percent of all jobs in 2022. The top services sector for employment was educational services, and health care and social assistance, which alone employed 186,600 Maine workers.

Maine Services Industries Employ **533,400** Workers
